RED SEAL LYE

LIGHTENS EVERY WOMAN'S WORK

If Women Only Knew

HOW many helpful ways they can use Red Seal Lye, very few would ever be without a can. Here are some of the money-saving, work-saving, time-saving ways to use Red Seal Lye:

To make soap: Simply mix Red Seal Lye with grease according to directions, and you'll make the finest cleaning soap you ever used—at a ridiculously low cost!

To make a cleansing solution: Dissolve one teaspoonful of Red Seal Lye in a quart of water. Use this solution for washing floors, woodwork, pots and pans, dishes and all kitchen material except aluminum ware.

In the bathroom and kitchen: Sift a little Red Seal Lye in the toilet or the sink. It cleans them and also cleans out the pipes, preventing them from becoming stopped up.

Red Seal Lye is a water softener, and saves a great deal of soap by making the water fit for washing. It kills all disagreeable odors; purifies and disinfects at the same time.

A small quantity of Red Seal Lye will go much further than a large quantity of only fair quality lye. That's because Red Seal is pure lye, free from adulterations and of the highest quality. Red Seal Lye is granulated and dissolves quickly. It is packed in cans that are easy and convenient to use. Always ask your storekeeper for, and be sure you get, the old reliable Red Seal Granulated Lye.

P. C. TOMSON & COMPANY
Philadelphia, Penna.

The Very Best Lye Your Money Can Buy

When you get a can of Red Seal Lye, tear off the label and follow the directions on the reverse side. They will tell you how to use it safely and savingly.
